PAUL'S DAIRY LUNCH

Luke M'Luke Says

Cincinnati Enquirer.

A big roundhouse curve isn't much of an asset to a big league pitcher. But it is different when a corn-fed girl has it.

It is hard to describe a good time. A man with a thick corn can get as much pleasure out of taking off his shoes and resting his feet as another man can have by blowing in \$100.

Every time a man sees a flunk taking a poodle out for an airing in a \$10,000 limousine he feels like voting the anarchist ticket.

The old fashioned faker who used to sell two-carat diamonds for 50 cents apiece merely to advertise his wares, now has a son who is saving souls at \$300 per soul because salvation has been taken off the free list.

A woman is a woman because she can save money by raising a \$25 suit and a \$1 waist fighting her way through a bargain mob to get a 50-cent article for 49 cents.

A girl knows that she may not have enough powder on her face, but she can't realize that she might have too much of it on her face.

The world tries to give you the worst of it when you are here because it knows that you will get the best of it when your obituary is printed.

Ever notice that the man who carries a rabbit foot in his pants never has much coin to keep the rabbit foot company?

The only labor some men do is to work on the sympathies of others.

If it ever came to a show down, most of us wouldn't have nerve enough to preach what we practice.

The reason a bachelor is so particular about wearing socks that do not wrinkle around his ankles is because after he is married his big worry will be to get a pair of socks that will have no holes in them.

The good fellow who spends the early portion of his life burning money usually spends the latter portion of his life sifting the ashes.

There are a whole lot of philanthropists who give a blind man a nickel for a pencil and then take two pencils out of the blind man's hat.

Tell a woman that her new hat looks stylish, or that it looks pretty. But for the love of Mike never tell her that it looks sensible.

Women are like cigars. You can't tell anything about the filler when you look at the wrapper. When a woman is wrong she is always the last one to find it out.

Any tailor can tell you that there are no such animals as early settlers in this country.

Most people can't tell the difference between endurance and hospitality.

Cheer up! You may be a mere worm. But you have it all over the other worm who is dangling from the other end of your fishing line.

Bad habits cause the trouble, but bad luck gets the blame.

At the rate that living stock is being slaughtered in this section it will not be very long before raising stock will be among the profitable pastimes.

The Troy Messenger thinks that it is worth while to raise stock, on the attempt in that

More Economical Both in Use and Cost CALUMET BAKING POWDER

—And it does better work. Simply follow your customary method of preparation—add a little less of Calumet than when using ordinary baking powder. Then watch the result. Light, fluffy, and evenly raised—the baking comes from the oven more tempting, tastier, more wholesome.

Calumet insures the baking of an expert. Ask your grocer today.

Received Highest Awards

Paris Exposition, France, March, 1912.

You don't save money when you buy cheap or inferior baking powder. Don't be misled. Buy Calumet. It's more economical—more wholesome—gives best results. Calumet is far superior to your milk and soda.

Some Errors.

The Dawson News says: "They blow about home products and go right ahead and purchase Tennessee hay and Iowa oats and Illinois hogs, when they could get much better stuff of a much better kind at home and pay less for it."

Yes, but this isn't so. No farmer is going to buy hay from Tennessee when he can buy home grown hay, just as good, and cheaper. No farmer is going to buy Illinois meat, when he can find the home grown on market, at the same price, or even less. No farmer is going to buy Iowa oats, if he can find on the markets, or from his neighbor, the home raised variety.

Now that's the situation. When Houston county produces enough meat, the stuff from the meat markets of the west will not be shipped here. The same applies to oats, and to hay, and to other things. This county buys a good deal of corn, or the wholesale grocers buy it, and they buy it to sell. They would pay for the home grown corn just as much, if it were put in shipshape.

The above mentioned articles can all be grown here, and most of them are, but there are few

What an Easy One.

Says the Montgomery Times: In one of his lectures, the famous Bob Ingersoll, while facing a Kentucky audience, exclaimed: "If you kill the saloon and stop the manufacture of whiskey, what will we do with all the golden grain?" We don't know; but it is a fact that Alabama has killed the saloon and is trying to stop the manufacture of whiskey."

The above, as intimated, comes from the Montgomery Times, whose editor has been a resident of Alabama since the Indian war. And we ought to know what would become of "all the golden grain."

For his information (It's too late for Ingersoll) we will state that there is such a demand for the "golden grain," just now till it sells for a higher price than it has before in twenty-five years and the demand isn't for manufacturing it into malt, either. The people need this grain to eat, and they will continue to need it.

It has been at least fifteen years since any one used that Ingersoll argument in wailing over the future of the liquor question. We are surprised at The Times man. Not surprised that Ingersoll should have used the expression, for didn't he say it was while "facing a Kentucky audience?" What else could he have said at that time? If he were living now, and were to go back to Kentucky, the vast majority of whose counties are dry, he wouldn't dare ask "what would become of all the golden grain."

That's just like asking "What will all these people do for jobs when you take their distillery jobs from them?"

Ask any child in the third grade.

GLOBE SIGHTS.

The Atchison Globe.

There are no snags. If it pays the pace is fast.

If you side step Peter you are on the toes of Paul.

A man ceases to worry about his hair after it is gone.

The coroner's jury has comparatively few secrets to tell.

The S. R. O. sign is seldom displayed at prayer meeting.

A suicide's farewell note never appealed very much to our literary taste.

Three things are very costly in this era: Living, loving and graduating.

Why do old people get up early in the morning? They haven't much to do.

It is probably true that no man seems unreasonable if he agrees with you.

Women find plenty of faults with the men; most of them after marriage.

Burglars make some mistakes, but they rarely break into a newspaper office.

Knocking and flattery to meet different opinions won't get you anywhere.

The most futile search is that for a five cent cigar as good as the dime variety.

Bone is a durable substance.

MRS. WILLIAMS' LONG SICKNESS

Yields To Lydia E. Pinkham's Vegetable Compound.

Elkhart, Ind.:—"I suffered for fourteen years from organic inflammation, female weakness, pain and irregularities. The pains in my sides were increased by walking or standing on my feet and I had such awful bearing down feelings, was depressed in spirits and became thin and pale with dull, heavy eyes. I had six doctors from whom I received only temporary relief. I decided to give Lydia E. Pinkham's Vegetable Compound a fair trial and also the Sanative Wash. I have now used the remedies for four months and cannot express my thanks for what they have done for me."

"If these lines will be of any benefit you have my permission to publish them."—Mrs. SADIE WILLIAMS, 455 James Street, Elkhart, Indiana. Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (Confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

The man who strokes his beard may be all right in other respects but he wears whiskers.

Don't put too much confidence in advice; look at the mistakes the government makes.

Why don't you pay cash for your groceries and see the difference? W. S. Bonham.

The Boy Scouts have returned from a week's outing at Panama City, Fla.

PREACHED ON ROMANISM.

Rev. E. H. Jennings, pastor of the First Baptist church, preached the first of a series of sermons on Roman Catholicism, at the church last night, to a large congregation.

We have all kinds of vegetables. Call 308 and get prices. W. S. Bonham.

Order Stone's cakes today from Greene's 10c Store. They are fresh.

MRS. CARROLL IMPROVING.

Mrs. Carroll, who has been suffering from a general break down in health and relapse from la grippe, was thought to be slightly better this afternoon.

We have plenty of the finest beets you ever bought. Big bunch for 10c. W. S. Bonham.

40c olives for 25c at Bonham's phone 308.

Money Saved

We sell the very best meats—our delivery service is as good as the best. Our place of business is new and absolutely clean. Our terms are weekly or monthly, but we save you money when you pay cash. We appreciate your orders and will strive to satisfy even the most fastidious.

Phone 603.

FINGERS CUT OFF.
Walter Pate, an employee of the Cureton Sash and Door Co., was the victim of a painful accident this afternoon when the fingers of his left hand became entangled in a joiner, and three of them were cut off. He was brought down town for medical attention.

Order your cold drinks and get them ice cold from W. S. Bonham.

Watch the show windows at Greene's 10c Store.

Mr. and Mrs. C. T. Brown have returned from Panama City, Fla., after a week's visit.

That's the way, trade at Greene's 10c Store,—it pays, they sell more for less."

W. L. BROWN MAY RECOVER.
W. L. Brown, druggist, was operated upon recently, and gradually improving, and unlooked for complications and it is believed he will recover.

Quicker service is offered at Greene's 10c Store.

THE SECRET OF A BEAUTIFUL HOME

is in "SHERMAN" Lumber, besides it is more substantial, and in the end more economical. Tell us your plans.

CALOMEL DYNAMITES YOUR LIVER! MAKES YOU SICK AND SALIVATES

**"Dad's Liver Tonic" Starts Your Liver
Better Than Calomel and You Don't
Lose a Day's Work**

Live up your sluggish liver! Feel less and cheerful; make your work a pleasure; be vigorous and full of ambition. But take no more of that dangerous calomel because it makes you sick and you may lose a day's work.

Calomel is merely a quick-acting laxative which causes severe pain in the bowels. Calomel crutches into your life like dynamite, breaking it up. That's when you feel that awful nausea and cramping. Listen to me! If you want to enjoy the sleek, healthy liver and bowel cleaning you ever experienced, just take a special of harmless Dad's Liver Tonic.

Tone tonight. Your druggist or dealer sells you a 50-cent bottle of Dad's Liver Tonic under my personal money-back guarantee that each spoonful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick.

Dad's Liver Tonic is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working; headache and dizziness gone; stomach will be sweet and bowels regular.

Dad's Liver Tonic is entirely vegetable, therefore harmless and can not salivate. Give it to your children. Millions of people are using Dad's Liver Tonic instead of dangerous calomel now. Your druggist will tell you that the sale of Calomel is almost stopped entirely here.

Better Days Ahead

Prosperous days are ahead for the farmers, with better prices and a wider market for their products. This is not the dream of a visionary, but the practical plan of a good farmer and a good business man, the present Commissioner of Agriculture, Hon. James A. Wade. He is determined that the farmer shall receive his just share of the profit made on his crop.

The Markets Bureau is intended to develop farmers into merchants and business men by educating them in matters of business practice and by furnishing them with information which will enable them to market their products under the most favorable conditions. This Bureau is in charge of Hon. Emmet A. Jones, and he is making of it much immediate benefit to the farmers.

Bulletin No. 2, of this bureau has already been issued and circulated. It gives a classified list of wholesale dealers not only in Alabama but in the principal states of the United States. This information is invaluable, not only to the individual farmer but to the produce clubs, which are being organized under the provisions of the produce law.

Bulletin No. 3, which will be issued as soon as the information which it carries can be obtained, will be even more helpful to the farmer. Every farmer in Alabama who has anything for sale can have it listed in this Bulletin. If he will fill out the blank which accompanies a letter sent out by Mr. Jones to farmers all over the State. This letter says, "Have you anything for sale? Will you have anything for sale in the next three months? If so, fill out the enclosed blank and mail it at your earliest convenience, to the office, that your name and address may appear in our first Farmers' Bulletin. We are writing many more farmers for this information, and in the near future this Bureau will classify a list of the products for sale in the hands of the farmers. This will be published in a bulletin.

and will be mailed to hundreds of dealers in farm products."

This bulletin will literally open the markets of this country to every farmer who has products listed in it.

It is possible that some farmers have not received the letter which Mr. Jones is sending out. If so, they should lose no time in writing him for a copy of the blank which is to be filled out.

Alabama is the first state in the Union to have a Market Bureau as a part of the State Agricultural Department, and the work which this department has done thus far leaves no doubt that the bureau will be successful in every way.

The garden calendar for 1915, issued by this bureau, has been widely distributed and is a very valuable help to the farmer and the farmer's wife and daughter. It contains note on flower planting, succession crop combinations for vegetables which shows the depth for planting, whether in hills or drills, distance apart, amount of seed or plants required, and average time for plants to mature from seed. No farmer should be without this calendar, which will be sent free upon application.

The purpose of this article is to show in a general way what the new Bureau of Immigration and Markets is doing for the farmer, and also to give some idea of the tremendous possibilities which the bureau opens to the farmers of America. This bureau has already earned the confidence of the farmer, and if he will co-operate with it, a new era of prosperity will dawn upon the agricultural sections of our great State.

DEATH OF LEWIS WILLIAMS

Lewis D. Williams, of Columbia, died last night, after a short illness. He was one of the oldest and most highly respected citizens of that community. He was the father of Ab and Bob Williams, who live at Columbia, also.

PREMIER SALANDRA.

FROM NEWTON

Newton, Ala., May 28.—The commencement exercises of the Baptist Collegiate Institute came to a close last night with the presentation of a play, Enoch Arden, dramatized by the Extension Class. The school auditorium was filled to overflowing by an appreciative audience, composed of visitors from every section of South Alabama, the student body and locals. The exercises, as a whole, were very good indeed. The throngs of visitors bent on a pleasant time, the alumni of the institution with pleasant memories, the undergraduates with the prospects of a vacation, and the happy band of seniors with "dip" snugly packed away, naturally made the occasion an enjoyable one.

Following is a list of the young men and ladies to whom diplomas were awarded: Leslie Atkins, Sam Buford, Miss Myrtle Brown, Tom Beale, Miss Mittie Bond, Ottis Cooper, Miss Mattie Cooper, McDuffie Capps, Miss Bessie Folsom, Robbin Hawk, Miss Laddie Hand, Miss Fleda Howell, Miss Hilda Mae Johnson, Miss Vera Mae Key, Wallace Morgan, Miss Lola Mann, Thomas Morton, Fred Nichols, Carl Patterson, Miss Blanche Reynolds, Miss Lizzie Roberts, Frank Swearington, Miss Claire Tate, Miss Mamie Vickers, Nat Weems, Chalmers Whigham, Miss Mahel Williams, Ottis Helms.

JUDGES QUALIFIED TO SERVE IN SHRINER CASE ARE SCARCE

Athens, Ga., May 28.—There seems to be considerable difficulty in finding judges qualified to sit upon the case of Charles Faison et al versus Forrest Adair et al, which involves an effort on the part of Mr. Adair and other members of the Ancient Arabic Order of the Mystic Shrine to obtain a permanent injunction restraining Faison and other negroes from organizing and conducting an order in imitation of the Shriners.

When the case was first brought in the Fulton superior court it was necessary to canvass nearly all of the judges of the state in order to find one who was neither a Shriner nor a close kinsman of a Shriner. Finally Judge H. L. Patterson, of the Blue Ridge circuit, was obtained to pass upon the case. He granted an injunction and the supreme court

and Hill, of that court have disqualified themselves because of being Shriners or kinsmen of Shriners. So it is up to Governor Slaton to find three superior court judges in the state who are qualified to sit with the other three remaining judges of the supreme court when the case is argued on June 7.

A capital wag this morning wanted to know if Governor Slaton, being himself a Shriner, was not disqualified to appoint the three substitute judges.

OVER THE PHONE.

"Hello, is this The Eagle office?"

"Yes."

"Take out that ad. about the Adding Machine, we have got one already."

"All right, glad you have."

INTERNATIONAL HARVESTER MACHINES

Why Do We Sell International Harvester Engines?

WE recommend and sell International Harvester oil and gas engines because of the universal satisfaction they give to our customers. The weight is ample and is in the right place; the castings are sand-cooled, insuring evenness of texture and strength; the design of every part is of the most approved type; simple, yet complete in every detail; easy to manage, requiring little attention beyond regular oiling; developing from 10 to 30 per cent more than their rated horse-power. I H C engines of all sizes make friends wherever they go.

This series of advertisements will explain fully why I H C engines are such good value. One or two features will be taken up at a time, so that when you are through with the series you will be well posted on engines. All the time these advertisements are running we shall have a demonstrating engine on the floor here, ready to show you what to expect for your money when you buy an I H C engine.

Oscar Baker Will Manage Gainsville

Gainsville, Fla., May 30.—President Dick Jemison arrived here this morning and found this city baseball wild. Tomorrow they play their first game under the name of Gainsville with the Brunswick Pilots as the opponents.

The official transfer of the franchise will be effected at a meeting of the directors and stockholders of the local team with President Jemison Monday morning.

For the present at least the grounds of the University of Florida will be used until a permanent site can be selected and a grandstand be erected.

Several changes will be made in the personnel of the Florida Sharks, as the Gainsville team will be nicknamed. Oscar Baker, the big Dothan pitcher, will

be named manager, succeeding John Wagon who has piloted the Orphans all season. Tenney, the University of Florida football star, will be signed to take Wagon's place in left field. Wilkes, who has been catching will go to his regular place in the outfield, taking Shuman's place, who will also be released.

Dick Manchester has recovered from his injury and will catch in Monday's game. The remainder of the team will be retained and with the new line-up and batting order, the Florida Sharks expect to get right up in the race. Manchester has also been named team captain. The batting order of the Sharks for Monday's game will be: Dunning of, Hodge, ss, Blackwell, 2b, Wilkes rf, Tenney lf, Manchester c, Selph 3b, Guess 1b, Spangh p.

DOTHAN TEAM TOOK A SLIDE

Attendance Was Liberal Despite
Fact that Dothan Had a
Hard Luck Week.

Last week was a disastrous week for the Dothan baseball team, but as we face the future and at the same time pause to take a backward look at the accomplishments of the club, we should worry.

Everybody has his own ideas as to why the team lost three to Waycross, besides several others that we let slip by. Yet this run of hard luck cannot be attributed to any one definite reason.

To begin with Waycross was hitting above her normal strength while by the same rule Dothan had a hitting slump. Our star batters failed to connect when hits meant runs, Waycross hit when bases were crowded, an accomplishment in which our team was sadly lacking.

Fred Spitznagel, the peppery second baseman, had a week of errors, and came in for lots of criticism. Right here we want to put in a word in his defense. For two weeks or more Spitznagel has been suffering with charley horse, which is nothing more than a strained muscle. From the way he hopped around, one could tell from the grandstand that Spitz was in no condition to play baseball. Yet Manager Reilly kept him in the game when he should have been under treatment. It is hoped that Reilly will lay Spitz off for a few days so his leg may get well.

From the view point of the writer, the Dothan team has the fastest second baseman and short stop in the league. We have seen none who play these positions that have anything on Fred Spitznagel and Perry Burress.

Spitznagel, with a week's rest, ought to be back in the game, showing his old time form.

Roasting the Umps.

Roasting the umpire is a favorite pastime for most of us. Sometimes we feel so disgusted that we would like to see the aforementioned citizen browned to a crisp. We do not see the plays like the umpire calls them. Often the umpire has a better and closer view of the play than any spectator could have, yet if the decision is against us we romp on Mr. Umps. Many times the umpire is right; in fact he is more often right than wrong, regardless of our own opinions. However, a ball game would be a very tame affair and would be entirely too dull if we didn't find fault with the umpire. They, of course, expect it and rarely ever get worried at such little occurrences.

Real Fans.

The fans of Dothan demonstrated last week that they are reasonable in their expectations, and charitable in their views. There are not many towns as small as Dothan that would have turned out the attendance that Dothan had last week, with the team on a losing streak. It shows win or lose, we have a good baseball town.

RUB-MY-TISM

Will cure Rheumatism, Neuralgia, Headaches, Cramps, Colic, Sprains, Bruises, Cuts, Burns, Old Sores, Tetter, Ring Worm, Eczema, etc. Available at Dothan, Georgia.

Temperance

(Conducted by the National Woman's Christian Temperance Union.)

A RECENT CONVERT.

The announcement of his conversion to prohibition was made at exercises at the Franklin union in Boston by ex-Governor Foss, who has been three times elected chief executive of the state of Massachusetts.

"I have been thinking that it's about time for me to stop voting for the licensed saloon," said Mr. Foss. "So long as I make it a rule to have my superintendents and foremen discharge men who are addicted to liquor, how inconsistent it is for me to support an open saloon near my manufacturing establishment, where the men have to go back and forth two or three times a day."

"This question of prohibition is a very large one. It may be the most important social, political and moral question of today. Certainly it is an economic question. From an economic viewpoint, why shouldn't we have national prohibition?"

"Abraham Lincoln said: 'You can't have a nation half slave and half free.' We can't have a nation half wet and half dry. It is impossible perfectly to enforce prohibition in a state surrounded by liquor states."

"I believe national prohibition is in the interest of public health. In my three years as governor of Massachusetts I saw 20,000 or more people locked up in this state and \$5,000,000 a year appropriated for their support. They were there on account of liquor, mainly. It is ridiculous to stand in the way of this movement. The large cities get a comparatively small fund from license. Aside from every other consideration, economically, we here in America must come to national prohibition."

PANAMA-PACIFIC EXHIBIT.

The per capita consumption of alcoholic liquor in non-prohibition Wisconsin and prohibition Kansas is shown at the exhibit of the National Woman's Christian Temperance union at the Panama-Pacific exposition. A hoghead being a sixty-four gallon capacity represents the amount of liquor consumed per capita in Wisconsin, and a tiny keg represents the amount used in Kansas.

The large bronze Japanese bell in this exhibit reminds one of the thousands of men who, giving up the habit of smoking, contributed their pipes to make this bell to commemorate the work of Mary Allen West, a W. C. T. U. missionary to Japan.

The boys are interested in "Prosperity Statisticians," showing, for instance, that there are twenty automobiles to every one hundred farmers in dry Kansas, while there is only one to every one hundred farmers in wet Missouri.

NORTH DAKOTA DEVELOPMENT.

Many interesting facts are being brought out concerning the states that have been under prohibition laws for some years, that they may help and encourage other states that are now meeting the wet or dry issue and that will at coming elections have the question to decide. The 1910 census shows that prosperous development along all lines in North Dakota is startling. Not only did the population increase 80 per cent in the decade from 1900 to 1910, but her wealth increased 281.9 per cent, or from \$225,166,751 in 1900 to \$76,814,205 in 1910; the value of farm products increased 211 per cent, or from \$64,262,000 in 1900 to \$220,000,000 in 1910. Its live stock increased in value in the same period 155 per cent, probably a larger increase than any other state. The crops increased 234.4 per cent, or from \$53,911,419 in 1900 to \$180,279,872 in 1910, a percentage exceeded by no other state. North Dakota's agricultural wealth is greater than that of the seven combined New England states. Her bank deposits from 1898 to 1913 increased by more than 1,000 per cent.

THE BETTER RISK.

"How the use of alcohol shortens life" was one of the interesting features of the discussion recently before the Association of Life Insurance Presidents at the Hotel Astor, New York. Mr. Arthur Hunter, chairman of a committee which studied the cases of 2,000,000 policy-holders in an investigation for 43 life insurance companies into the causes of premature deaths, said that alcohol played a leading role in hastening death.

On the other hand, the Equity Life Assurance company has passed through three of its eleven years without the loss of a single life of a total abstainer, although nine-tenths of its insured lives are total abstainers.

MEN JAILED ON FRIVOLOUS CHARGES TO COLLECT FEED BILLS, INTIMATES ACREE

Continued from Page One.

not is that Mr. May often applies to the Probate Office for warrants against men on various charges, and Judge Crawford, in his good will and good feeling towards all men, refuses in many instances to issue these warrants when there is no evidence whatever that will secure a conviction. To sustain this assertion, I respectfully ask all good citizens of Houston county to pay a visit this afternoon to the county jail and see there the number of men that are confined therein. It is true that some of them may be guilty, but there are numbers of them being held on frivolous charges, simply, in my opinion, for the purpose of collecting feed bills from the State of Alabama.

It is impossible for me in the limited time that I have to make an exposure of the conduct and management of the Sheriff's office, at this time. However, I shall continue, from day to day, through the columns of the paper to show up everything that is going on in said office. If I fail to state the facts, I realize that the same opportunity is offered Mr. May to answer and defend all allegations that I make. If I should make a mistake and make a charge that is not sustained by fact, I will gladly through the same source make a correction of same.

With good feeling to all the county officials, and especially to Mr. May, whom I supported with all the ability in my power in his campaign, believing that he would discharge the duties of his office faithfully and conscientiously, I am,

Sincerely,
W. U. ACREE.

SAID:-
Mr. Treat-U-Right

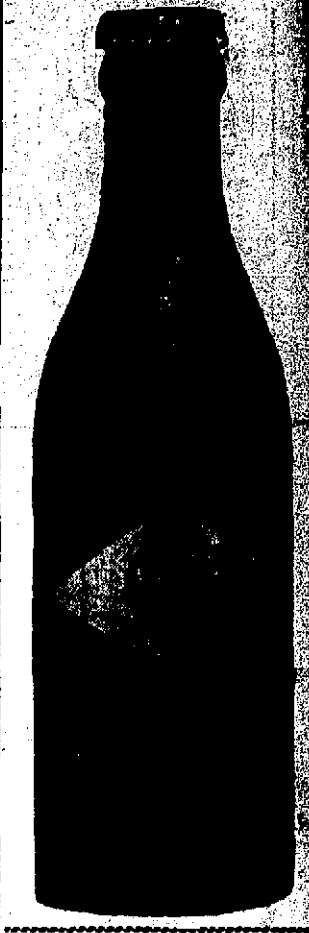

Our B. V. D. Underwear is "short in the legs and long on comfort." This underwear store can meet every underwear inclination with correctly cut, comfortable, athletic garments.

Linen, mull, soisette, nain-sook and plenty of cool materials in union suits or two piece styles.

Honest Paint and Honest Measure

IN these days of counterfeits, adulterations and substitutions a man can't be too careful in buying such a commodity as paint. The ingredients of liquid paint and the processes of making it are a "closed book" to the average man, and the temptation to make big profits on most inferior grades has proven too strong for some manufacturers.

Would you know at sight whether the can contained the full U. S. Standard measure?

Buy a gallon can of Lowe Brothers "High Standard" Liquid Paint and it contains one full gallon; if a pint can, it has one full pint—government measure. This is the Lowe way, and there are no exceptions to it.

Just as dependable as "High Standard"

Liquid Paint are Lowe Brothers Varnishes and Enamels, for exterior or interior finish. Quick, hard drying Floor Paint, a Varnicol paint of great durability.

They are the best values to be had. Let us make suggestions for your color combinations. Ask for Booklets and Color Cards. See sample panels.
